DETAILED ACTION

The Amendment received May 24, 2006 has been entered. Claims 2-4, 8-11, 13, 16 and 20-34 remain pending in this application. Applicant's Remarks/Arguments, see pages 7-12 of the Amendment, with respect to the rejections of the based claims 2 and 13 have been fully considered and are persuasive. The rejection of the claims recited in the prior Office action mailed March 20, 2006 has been withdrawn.

Allowable Subject Matter

1. Claims 2-4, 8-11, 13, 16 and 20-34 are allowed; and are renumbered as 1-24.
2. The following is an examiner's statement of reasons for allowance:

The present invention is directed to methods and apparatus for driving a display device. The independent method claim 2 requires the steps of: performing sampling and A/D conversion on an analog signal on the basis of the modulated clock signal, and after performing digital processing on the digital image signal, performing D/A conversion on the digital image on the basis of the reference clock signal; the independent method claim 3 requires the steps of: performing sampling and A/D conversion on an analog signal on the basis of a reference clock signal, and after performing digital processing on the digital image signal, performing D/A conversion on the digital image on the basis of a modulated clock signal; the independent apparatus claim 13 requires: a first modulated clock signal, a second modulated clock signal, and the digital image signal which is inputted to a source signal line-side driving circuit is converted to an analog image signal by D/A conversion on the basis of said first modulated clock signal; and the independent method claim 30 requires the steps of: supplying the improved analog image

signal to a source signal line, wherein at least two gate signal lines are selected at the same time when the improved analog signal is inputted to the source signal line; whereas, the closest prior art, the Eglit patent (U.S. Patent No. 6,320,574), the Shigeta patent (U.S. Patent No. 6,657,640), and Sato (U.S. Patent No. 5,940,061), which disclose conventional methods and apparatuses for driving display devices, either singularly or in combination, fail to teach or suggest the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
